

Englisch

Help for people in mental or emotional crisis in the social psychiatric centre.

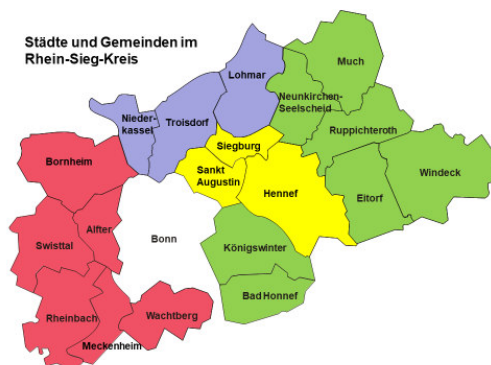

People in mental or emotional crisis find advice and support in the social psychiatric centre.

You can come here whenever you:

- need help and support.
- you would like to talk to someone about your situation and problems.
- you are unsure of your current support capabilities or future plans.
- you are looking to get in touch with people in a safe environment.

You can also contact us if you have relatives, friends or neighbours in need.

We also speak English and often further languages. We can also get an interpreter and/or a language-and-integration mediator for you. If that is the case, please inform us a couple of days ahead.
